2. The draft will be taken into consideration on or after the 18th May 1940 and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house-connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house-connection will be given.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding out-house) in one compound, may at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separate connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and watertight and the cover, overflow-pipe, and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of looking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball-value is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to

supply of water corresponding to the annual valuation of such holding, according to the following table :—

The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house-connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier having house connection requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, or any person having no house-connection requires a temporary supply of water for a special occasion, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground a storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week in advance. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the temporary supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges, as mentioned in rule 12.

16. The Commissioners may cut off the connection between any part of the Baranagore-Kamarhati Waterworks and any holding to which water is supplied from such works, or may turn off such supply, in any, of the following cases besides those referred to in sub-section (*1*) of section 309 of the Bengal Municipal Act, 1932, namely:—

No. 66-C. W. (3)/40.—The following Order of His Majesty in Council is published for general information:—

AT THE COURT AT BUCKINGHAM PALACE.

The 27th day of November, 1939.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS His Majesty has been compelled to take up arms against Germany in defence of the fundamental right of nations to a free and peaceful existence:

AND WHEREAS German forces have in numerous cases sunk merchant vessels, British, Allied and neutral, in violation of the rules contained in the Submarine Protocol, 1936, to which Germany is a party:

AND WHEREAS merchant vessels, British, Allied and neutral, have been sunk by mines laid by German forces indiscriminately and without notification, in contravention of the obligations of humanity and the provisions of the Hague Convention No. VIII of 1907 to which Germany is a party:

AND WHEREAS the sinking of these vessels has been effected without regard to their nationality or destination or to the nature ownership or destination of their cargoes:

AND WHEREAS these acts have already resulted in grave loss of non-combatant life, British, Allied and neutral:

AND WHEREAS this action on the part of the German Government gives to His Majesty an unquestionable right of retaliation:

AND WHEREAS the Allies of His Majesty are associated with Him in the steps now to be announced for restricting further the commerce of Germany:

NOW, THEREFORE, His Majesty is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

Misbranded drugs.

8. For the purposes of this Chapter a drug shall be deemed to be misbranded—

(a) if it is an imitation of, or substitute for, or resembles in a manner likely to deceive, another drug, or bears upon it or upon its label or container the name of another drug, unless it is plainly and conspicuously marked so as to reveal its true character and its lack of identity with such other drug; or

(b) if it purports to be the product of a place or country of which it is not truly a product; or

(c) if it is imported under a name which belongs to another drug; or

(d) if it is so coloured, coated, powdered or polished that damage is concealed, or if it is made to appear of better or greater therapeutic value than it really is; or

CHAPTER IV.

MANUFACTURE, SALE AND DISTRIBUTION OF DRUGS.

Standards of quality.

15. (1) For the purposes of this Chapter the expression "standard quality" when applied to a drug means that the drug complies with the standard set out in the Second Schedule.

(2) The Provincial Government, after consultation with the Board and after giving by notification in the official Gazette not less than three months' notice of its intention so to do, may by a like notification add to or otherwise amend the Second Schedule, and thereupon the said Schedule shall be deemed to be amended accordingly.

Misbranded drugs.

16. For the purposes of this Chapter a drug shall be deemed to be misbranded—

(a) if it is an imitation of, or substitute for, or resembles in a manner likely to deceive another drug, or bears upon it or upon its label or container the name of another drug, unless it is plainly and conspicuously marked so as to reveal its true character and its lack of identity with such other drug; or

(b) if it purports to be the product of a place or country of which it is not truly a product; or

(c) if it is sold, or offered or exposed for sale, under a name which belongs to another drug; or

(d) if it is so coloured, coated, powdered or polished that damage is concealed, or if it is made to appear of better or greater therapeutic value than it really is; or

(e) if it is not labelled in the prescribed manner; or

(f) if its label or container or anything accompanying the drug bears any statement, design or device which makes any false or exaggerated claim for the drug or which is false or misleading in any particular; or

(g) if the label or container bears the name of an individual or company purporting to be the manufacturer or producer of the drug, which individual or company is fictitious or does not exist.

Prohibition of manufacture and sale of certain drugs.

17. (1) From such date as may be fixed by the Provincial Government by notification in the official Gazette in this behalf, no person shall himself or by any other person on his behalf—

(a) manufacture for sale, or sell, or stock or exhibit for sale, or distribute—

(i) any drug which is not of standard quality;

(ii) any misbranded drug;

(*iii*) any patent or proprietary medicine, unless there is displayed in the prescribed manner on the label or container thereof either the true formula or list of ingredients contained in it in a manner readily intelligible to members of the medical profession, or the number of the certificate of registration granted, in the manner prescribed by the Central Government, in respect of such medicine by the Central Drugs Laboratory after being correctly informed of the formula of such medicine;

(*iv*) any drug, which by means of any statement, design or device accompanying it or by any other means, purports or claims to cure or mitigate any such disease or ailment, or to have any such other effect as may be prescribed;

(*v*) any drug, in contravention of any of the provisions of this Chapter or any rule made thereunder:

(*b*) sell, or stock or exhibit for sale, or distribute any drug which has been imported or manufactured in contravention of any of the provisions of this Act or any rule made thereunder;

(*c*) manufacture for sale, or sell, or stock or exhibit for sale, or distribute any drug, except under, and in accordance with the conditions of, a licence issued for such purpose under this Chapter:

Provided that nothing in this section shall apply to the manufacture, subject to prescribed conditions, of small quantities of any drug for the purpose of examination, test or analysis:

Provided further that the Provincial Government may, by notification in the official Gazette, permit, subject to any conditions specified in the notification, the manufacture for sale, sale or distribution of any drug or class of drugs not being of standard quality.

Explanation.—The formula or list of ingredients mentioned in sub-clause (*iii*) of clause (*a*) shall be deemed to be true and a sufficient compliance with that sub-clause if, without disclosing a full and detailed recipe of the ingredients, it indicates correctly all the potent or poisonous substances contained therein together with an approximate statement of the composition of the medicine.

(*2*) The Provincial Government may fix different dates of effect for the several provisions of sub-section (*1*).

18. (*1*) Save as hereinafter provided in this section, it shall be no defence in a prosecution under this Chapter to prove merely that the accused was ignorant of the nature, substance or quality of the drug in respect of which the offence has been committed or of the circumstances of its manufacture or import, or that a purchaser, having bought only for the purpose of test or analysis, has not been prejudiced by the sale.

(*2*) For the purposes of section 17 a drug shall not be deemed to be misbranded or to be below standard quality only by reason of the fact that—

(*a*) there has been added thereto some innocuous substance or ingredient because the same is required for the manufacture or preparation of the drug as an article of commerce in a state fit for carriage or consumption, and not to increase the bulk, weight or measure of the drug or to conceal its inferior quality or other defects; or

(*b*) in the process of manufacture, preparation or conveyance some extraneous substance has unavoidably become intermixed with it, provided that this clause shall not apply in relation to any sale or distribution of the drug occurring after the vendor or distributor became aware of such intermixture.

(*3*) A person, not being the manufacturer of a drug or his agent for the distribution thereof, shall not be liable for a contravention of section 17 if he proves—

(*a*) that he did not know, and could not with reasonable diligence have ascertained, that the drug in any way contravened the provisions of that section, and that the drug while in his possession remained in the same state as when he acquired it; or

(*b*) that he acquired the drug from a person resident in British India under a written warranty in the prescribed form and signed by such person that the drug does not in any way contravene the provisions of section 17, and that the drug while in his possession remained in the same state as when he acquired it:

Provided that a defence under clause (*b*) shall be open to a person only—

(*i*) if he has, within seven days of the service on him of the summons, sent to the Inspector a copy of the warranty with a written notice stating that he intends to rely upon it and giving the name and address of the warrantor, and

(*ii*) if he proves that he has, within the same period, sent written notice of such intention to the said warrantor.

Government Analysts.

19. The Provincial Government may, by notification in the official Gazette, appoint such persons as it thinks fit, having the prescribed qualifications, to be Government Analysts for such areas and in respect of such drugs or classes of drugs as may be specified in the notification:

Provided that a servant of the Crown serving under the Central Government or another Provincial Government shall not be so appointed without the previous consent of the Government under which he is serving.

Inspectors.

20. (*1*) The Provincial Government may, by notification in the official Gazette, appoint such persons as it thinks fit, having the prescribed qualifications, to be Inspectors for the purposes of this Chapter within such local limits as it may assign to them respectively.

(*2*) Every Inspector shall be deemed to be a public servant within the meaning of the Indian Penal Code, and shall be officially subordinate to such authority as the Provincial Government may specify in this behalf. XLV of 1860.

Powers of Inspectors.

21. Subject to the provisions of section 22 and of any rules made by the Provincial Government in this behalf, an Inspector may, within the local limits for which he is appointed,—

(*b*) take samples of any drug which is being manufactured, or being sold or is stocked or exhibited for sale, or is being distributed;

(*c*) where he has reason to believe that any drug which is being manufactured for sale, or being sold or is stocked or exhibited for sale, or is being distributed, contravenes any of the provisions of section 17, order in writing the person in whose possession such drug may be not to dispose of any stock of such drug until permitted so to do by the Inspector or by a Court, or, unless the alleged contravention is such that the defect may be removed by the possessor of the drug, seize the stock of such drug;

(*d*) for any of the aforesaid purposes enter at all reasonable times, with such assistants, if any, as he considers necessary, any premises wherein any drug is being manufactured, or being sold or is stocked or exhibited for sale, or is kept for distribution;

(*e*) exercise such other powers as may be necessary for carrying out the purposes of this Chapter or any rules made thereunder.

Procedure of Inspectors.

22. (*1*) Where an Inspector takes any sample of a drug under this Chapter, he shall tender the fair price thereof and may require a written acknowledgment therefor.

(*2*) Where the price tendered under sub-section (*1*) is refused, or where the Inspector seizes the stock of any drug under clause (*c*) of section 21, he shall tender a receipt therefor in the prescribed form.

(*3*) Where an Inspector takes a sample of a drug for the purpose of test or analysis, he shall intimate such purpose in writing in the prescribed form to the person from whom he takes it and, in the presence of such person unless he wilfully absents himself, shall divide the sample into four portions and effectively seal and suitably mark the same and permit such person to add his own seal and mark to all or any of the portions so sealed and marked:

Provided that where the sample is taken from premises whereon the drug is being manufactured, it shall be necessary to divide the sample into three portions only:

Provided further that where the drug is made up in containers of small volume, instead of dividing a sample as aforesaid, the Inspector may, and if the drug be such that it is likely to deteriorate or be otherwise damaged by exposure shall, take three or four, as the case may be, of the said containers after suitably marking the same and, where necessary, sealing them.

(*4*) The Inspector shall restore one portion of a sample so divided or one container, as the case may be, to the person from whom he takes it, and shall retain the remainder and dispose of the same as follows:—

(*i*) one portion or container he shall forthwith send to the Government Analyst for test or analysis;

(*ii*) the second he shall produce to the Court before which proceedings, if any, are instituted in respect of the drug; and

(*iii*) the third, where taken, he shall send to the warrantor, if any, named under the proviso to sub-section (*3*) of section 18.

(*5*) Where an Inspector takes any action under clause (*c*) of section 21,—

(*a*) he shall use all despatch in ascertaining whether or not the drug contravenes any of the provisions of section 17, and, if it is ascertained that the drug does not so contravene, forthwith revoke the order passed under the said clause or, as the case may be, take such action as may be necessary for the return of the stock seized;

(*b*) if he seizes the stock of the drug, he shall as soon as may be inform a Magistrate and take his orders as to the custody thereof;

(*c*) without prejudice to the institution of any prosecution, if the alleged contravention be such that the defect may be remedied by the possessor of the drug, he shall, on being satisfied that the defect has been so remedied, forthwith revoke his order under the said clause.

Persons bound to disclose place where drugs are manufactured or kept.

23. Every person for the time being in charge of any premises whereon any drug is being manufactured or is kept for sale or distribution shall, on being required by an Inspector so to do, be legally bound to disclose to the Inspector the place where the drug is being manufactured or is kept, as the case may be.

Reports of Government Analysts.

24. (*1*) The Government Analyst to whom a sample of any drug has been submitted for test or analysis under sub-section (*4*) of section 22, shall deliver to the Inspector submitting it a signed report in triplicate in the prescribed form.

(*2*) The Inspector on receipt thereof shall deliver one copy of the report to the person from whom the sample was taken and another copy to the warrantor, if any, named under the proviso to sub-section (*3*) of section 18, and shall retain the third copy for use in any prosecution in respect of the sample.

(*3*) Any document purporting to be a report signed by a Government Analyst under this Chapter shall be evidence of the facts stated therein, and such evidence shall be conclusive unless the person from whom the sample was taken or the said warrantor has, within seven days of the receipt of a copy of the report, notified in writing the Inspector or the Court before which any proceedings in respect of the sample are pending that he intends to adduce evidence in controversion of the report.

(*4*) Unless the sample has already been tested or analysed in the Central Drugs Laboratory, where a person has under sub-section (*3*) notified his intention of adducing evidence in controversion of a Government Analyst's report, the Court may, of its own motion or in its discretion at the request either of the complainant or the accused, cause the sample of the drug produced before the Magistrate under sub-section (*4*) of section 22 to be sent for test or analysis to the said Laboratory, which shall make the test or analysis and report in writing signed by, or under the authority of, the Director of the Central Drugs Laboratory the result thereof, and such report shall be conclusive evidence of the facts stated therein.

(*5*) The cost of a test or analysis made by the Central Drugs Laboratory under sub-section (*4*) shall be paid by the complainant or accused as the Court shall direct.

Purchaser of drug enabled to obtain test or analysis.

25. Any person shall, on application in the prescribed manner and on payment of the prescribed fee, be entitled to submit for test or analysis to a Government Analyst any drug purchased by him and to receive a report of such test or analysis signed by the Government Analyst.

Penalty for manufacture, sale, etc., of drugs in contravention of this Chapter.

26. Whoever himself or by any other person on his behalf manufactures for sale, sells, stocks or exhibits for sale, or distributes any drug in contravention of any of the provisions of this Chapter or any rule made thereunder shall be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

Penalty for giving false warranty or misuse of warranty.

27. (*1*) Whoever, in respect of any drug sold by him whether as principal or agent, gives to the purchaser a false warranty that the drug does not in any way contravene the provisions of section 17 shall, unless he proves that when he gave the warranty he had good reason to believe the same to be true, be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

(*2*) Whoever applies or permits to be applied to any drug sold, or stocked or exhibited for sale, by him, whether on the container or label or in any other manner, a warranty given in respect of any other drug, shall be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

Penalty for use of Government Analyst's report for advertising.

28. Whoever uses any report of a test or analysis made by the Central Drugs Laboratory or by a Government Analyst, or any extract from such report, for the purpose of advertising any drug, shall be punishable with fine which may extend to five hundred rupees.

Penalty for subsequent offences

29. Whoever, having been convicted of any offence under section 26 or section 27 or section 28, is again convicted of an offence under the same section shall be punishable with imprisonment which may extend to two years, or with fine which may extend to one thousand rupees, or with both.

Confiscation.

30. Where any person has been convicted under this Chapter for contravening any such provision of this Chapter or any rule made thereunder as may be specified by rule made in this behalf, the stock of the drug in respect of which the contravention has been made shall be liable to confiscation.

31. (*1*) No prosecution under this Chapter shall be instituted except by an Inspector.

(*2*) No Court inferior to that of a Presidency Magistrate or of a Magistrate of the first class shall try an offence punishable under this Chapter.

(*3*) Nothing contained in this Chapter shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence against this Chapter.

Power of Provincial Government to make rules

32. (*1*) The Provincial Government may, after consultation with the Board and after previous publication by notification in the official Gazette, make rules for the purpose of giving effect to the provisions of this Chapter.

(*b*) prescribe the qualifications and duties of Government Analysts and the qualifications of Inspectors;

(*c*) prescribe the methods of test or analysis to be employed in determining whether a drug is of standard quality;

(*d*) prescribe, in respect of biological and organo-metallic compounds, the units or methods of standardisation;

(*e*) prescribe the forms of licences for the manufacture for sale, for the sale and for the distribution of drugs or any specified drug or class of drugs, the form of application for such licences, the conditions subject to which such licences may be issued, the authority empowered to issue the same and the fees payable therefor;

THE SECOND SCHEDULE.

(*See* section 15.)

Standards to be complied with by drugs manufactured for sale, sold, stocked or exhibited for sale, or distributed.

Class of drugs.	Standard to be complied with.
1. Patent or proprietary medicines.	The formula or list of ingredients displayed in the prescribed manner on the label or container, or the formula disclosed to the Central Drugs Laboratory, as the case may be.
2. Substances commonly known as vaccines, sera, toxins, toxoids, antitoxins, and antigens and biological products of such nature.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
3. Other vitamins, hormones and analogous products.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
4. Other drugs	The standards of identity, purity and strength specified in the latest edition either of the British Pharmacopoeia or the British Pharmaceutical Codex or any other prescribed pharmacopoeia, or adopted by the Permanent Commission on Biological Standardisation of the League of Nations.

STATEMENT OF OBJECTS AND REASONS.

In order to give effect to the recommendations of the Drugs Enquiry Committee, in so far as they relate to matters with which the Central Government is primarily concerned, a Bill to regulate the import of drugs into British India was introduced in the Legislative Assembly in 1937. The Select Committee appointed by the Legislative Assembly was of the opinion that a more comprehensive measure, providing for the uniform control of manufacture and distribution of drugs as well as of import, was desirable. The Government of India accordingly asked Provincial Governments to invite the Provincial Legislatures to pass resolutions under section 103 of the Government of India Act, 1935, empowering the Central Legislature to pass an Act for regulating such matters relating to the control of drugs as fall within the Provincial legislative list. Such resolutions have now been passed by all Provincial Legislatures.

2. Chapter II of the Bill establishes a Board of technical experts to advise the Central and the Provincial Governments on technical matters.

3. Chapter III provides for the control of the import of drugs into British India. The executive power under this Chapter will accordingly be exercised by the Central Government.

4. Chapter IV relates to control of the manufacture, sale and distribution of drugs and contains the provisions which it is proposed should be enacted in exercise of the power conferred by the resolutions under section 103 of the Government of India Act, 1935, passed by the Provincial Legislatures. The executive power under Chapter IV will be exercised by Provincial Governments.

5. The First Schedule prescribes the standards to be complied with by imported drugs and the Second Schedule the standards to be complied with by drugs manufactured, sold or distributed in British India. The standards prescribed in the two Schedules are identical. The Central Government will have power to amend the First Schedule, but power to amend the Second Schedule will rest with Provincial Governments.

6. The Government of India have considered to what extent provision can be made to secure the maintenance of uniformity in standards and in other important matters in which uniformity is desirable. They understand that it would be *ultra vires* of the Central Legislature to assign to any authority other than the Provincial Governments authority conferred by the Bill in respect of matters falling within the Provincial legislative field. For this reason it is not possible to assign the power to fix standards and to make rules to any single authority. In order to ensure that before any action is taken due consideration is given to the desirability of maintaining uniformity, provision has been made in Chapter II for a single Technical Advisory Board, which both Central and Provincial Governments will be required to consult before modifying the standards set up by the Bill and before making rules under the Bill.

Third and Final Forecast of the Winter Rice Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the issue of the Second Forecast in December, the weather has been generally dry and favourable for harvesting operation.

Acreage.—According to District Officers' estimates the total area under winter rice is 16,136,200 acres as compared with 15,835,900 acres of last year.

Outturn.—From the summary of the district returns appended, it will be seen that five districts report a normal crop, sixteen districts a crop varying from 80 to 96 per cent., and the rest below 80 per cent. of the normal. According to the above estimates the provincial outturn works out to 88 per cent. of the normal as against 82 per cent. of last year.

Accepting 88 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 6,520,300 tons this year as against 5,962,700 tons in last year.

2. The items referred to in clause (*a*) of rule 1 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property. If the Commissioners decide to make use of a part or the whole of the existing pipes and fittings, the present value of the same shall be paid to the owner or occupier, such value being determined by the Commissioners.

3. The items referred to in clause (*b*) of rule 1 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and projected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe.

4. In the case of connections to which a meter was attached by the owner or occupier prior to the date of introduction of the decentralised storage system provided in these rules the Commissioners shall make a contribution of Rs. 40 towards the cost of the work referred to in clause (*b*) of rule 1 when such work has been completed to their satisfaction.

5. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. Extension from the communication-pipe of one holding to another holding shall not be

permitted and combination of holdings for the purpose of these rules shall not be allowed.

6. No tapping or branching off of any kind whatsoever of the service-pape referred to in clause (*b*) of rule 1 shall be allowed except at approximately the same as that of the ball-valve.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 1 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with the materials belonging to the Commissioners and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

For holding with annual valuation above Rs. 6,000 the daily quantity of water (in gallons) will be calculated as the annual valuation divided by 10.

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in form A. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallon of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in Form A.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, he may apply to the Commissioners in Form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 5 per tank, and also shall pay in advance for every week or part of a week during which he retains the temporary connection the following charges:—

(*a*) For a supply of 200 gallons per day—As. 8 per day.
(*b*) For a supply of 300 gallons per day—As. 12 per day.
(*c*) For a supply of 450 gallons per day—Re. 1 per day.
(*d*) For a supply of 600 gallons per day—Re. 1-4 per day.
(*e*) For a supply of 750 gallons per day—Re. 1-8 per day.
(*f*) For a supply of 900 gallons per day—Re. 1-12 per day.
(*g*) For a supply of 1100 gallons per day—Rs. 2 per day.

He shall state in his application the number of days for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball-valve, and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the additional supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

16 The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz:—

(*c*) if the occupier in any way interferes with, damages or alters the service-pipe; and

17. The works required under clause (*b*) of rule 4(*b*) shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water supply due to occurrences beyond their control.

24-Parganas.—No. 360P.H.—28th February 1940.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the regulation of connections for the supply of filtered water to private premises for domestic purposes which may be granted hereafter by the Commissioners of the Garden Reach Municipality in the district of 24-Parganas, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the *1st June 1940*, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed Form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given. Every house connection shall be taken in hand within three months of its sanction. If a house connection is not taken in hand within the said period the sanction given for it shall be deemed to be revoked and fresh sanction shall be required before the connection is made.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for such connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separat connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners, and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in Form B. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallon of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in Form B.

They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. Amendments.

After rule 68 of the said rules the following shall be added, namely:—

"*Determination of additional improvement levy under section 11.*

69. (*1*) If, when the Collector has reason to believe that any such land as is described in sub-section (*1*) of section 11 has been settled, he considers it advisable that an additional improvement levy should be

imposed thereon under that section, he shall cause an officer or officers, not below the rank of Sub-Deputy Collector,

(*a*) to determine, in the manner described in rule 33, to what class such land shall be assigned, if this has not already been otherwise determined, and

(*b*) to inquire what rates of *salami* have been paid when (*i*) land assigned to that class and (*ii*) unculturable waste, swamp or sand have been settled with tenants in the vicinity; and, on receipt of the reports from such officer, or officers, he shall make estimates of the *salami* usual for such land as it was (*i*) at the time of the settlement and (*ii*) before the commencement of the improvement work.

(*3*) Such notice shall be served in the manner specified in rule 39 for the service of a notice of demand under section 14.

(*4*) An objection under sub-section (*1*) of section 11 shall be in the form of a petition and stamped with a court-fee stamp of twelve annas, and shall be addressed to the Collector.

(*5*) If no objection is received the Collector shall declare the provisional estimates made under sub-rule (*1*) to be final estimates.

(*6*) If an objection is received, the Collector after giving the objector an opportunity of stating his case and after making or causing to be made such enquiries, if any, as he thinks necessary, shall make final estimates of the usual *salami* payable for such land as it was (*i*) at the time of the settlement and (*ii*) before the commencement of the improvement work.

(*7*) Thereafter the Collector shall fix the amount of the additional improvement levy to be payable in respect of the land under sub-section (*1*) of section 11. In fixing the amount of the additional improvement levy the Collector may take into consideration any profit that may have been derived prior to the improvement by the person who settled the land.

(*8*) The additional levy so fixed shall be published in a statement under section 13.

Procedure to be followed by officers and persons authorised under sub-sections (1) and (2) of section 24.

70. (*1*) No officer or person authorised under sub-section (*1*) of section 24 shall enter upon any land for making or causing to be made any boring or excavation thereon for the purpose of ascertaining the nature of the soil either without the consent of the occupier or one of the occupiers thereof or, without previously giving the occupier or one of the occupiers at least three days' notice in writing of his intention to do so.

(2) A notice under sub-rule (1) or under the proviso to sub-section (1) of section 24 shall be served in the manner specified in rule 39 for the service of a notice of demand.

71. At least three days before possession of any standing crop is taken under sub-section (2) of section 24, the officer authorised under sub-section (1) of that section shall serve in the manner specified in rule 39 for the service of a notice of demand, the notice referred to in the said sub-section (2) on the occupier of the land on which the crop stands or on his representative or, if there be more than one occupier, on one of such occupiers or on the representative of such occupiers or of any one of such occupiers. Such notice shall contain the following particulars:—

(a) the settlement number of the plot on which such crop stands;

(b) the area (in square feet) from which it is proposed to cut and remove such crop; and

(c) the date and the approximate times when possession will be taken of such crop.

The offer of compensation and the manner of assessment of damage under section 24 (3).

72. An officer authorised under sub-section (1) of section 24 shall not offer compensation to any person interested for any damage that may have been caused during the process of cutting and removal of crops under sub-section (2) of that section, if such damage can be and has been set right by him or if it is so slight that no reasonable man would claim compensation for it.

73. (1) If an offer made under sub-section (3) of section 24 is not accepted, the officer who has made it shall forthwith refer the matter to the Collector in a written report which shall state the amount of compensation offered, the nature of the damage and the amount of compensation demanded.

(2) After receipt of such report the Collector shall, for the purpose of assessing the value of the crop cut and the amount of the damage caused, make a summary inquiry either personally or through an officer subordinate to him other than the officer who has offered the compensation and at such inquiry any person interested who has not accepted the compensation offered shall be given an opportunity of stating his case and producing witnesses in support of it.

(3) If damage has been done to produce for which a price has been fixed under section 9, the Collector in assessing the amount of the damage shall take such price into consideration.

Manner of giving notice under section 25.

74. A notice under section 25 shall be served in the manner specified in rule 39 for the service of a notice of demand.

75. The officer to whom any record or document is delivered under section 25 shall give a receipt for such record or document to the person who delivers it if he removes it from the presence of such person.

Objections to notifications under section 30.

76. A notification issued under section 30 shall contain descriptions of the proposed drainage work and of the area likely to be affected by it, and shall fix a date, not less than one month from the date of the publication of such notification, by which objections may be submitted by persons interested.

Such notification shall besides being published in the *Calcutta Gazette* be also published at the offices of the Collector, District Judge, Superintendent of Police and Sub-Registrar within the area of whose jurisdiction the drainage work is proposed to be carried out.

77. Every such objection shall be submitted in writing to the Collector who, after making or causing to be made such inquiries, if any, as he thinks necessary, shall submit the objection for the decision of the Provincial Government with the record of any proceedings held by him and a report containing his recommendations on the objection.

Order for the modification of obstructions.

78. The Collector shall not issue an order under sub-section (*2*) of section 32 on any person to modify an artificial obstruction in such a manner as to prevent the retention of sufficient water on the land where the obstruction exists for the reasonable immediate needs of a paddy crop.

Procedure for determining compensation under section 36(1).

79. (*1*) A claim under section 35 shall be made in writing, shall give particulars of the damage or loss sustained and shall state the amount of compensation claimed; and it shall be signed by the claimant or his authorised agent. If the claim is submitted through a pleader, it shall be signed both by the claimant or his authorised agent and by the pleader.

Explanation.—In this sub-rule the word "pleader" includes any legal practitioner as defined in the Legal Practitioners Act, 1879.

(*2*) On receipt of such claim the Collector shall fix a day on which an inquiry will be held either by himself or by another officer, and, on that day or on any other day to which such inquiry has been adjourned, the claimant shall be given an opportunity to explain his case and to produce evidence in support of it.

(*3*) If the Collector has caused the inquiry to be made by another officer, such officer shall submit to him a report in writing, stating the facts as determined by such officer.

(*4*) The Collector shall thereupon, after considering any representation that has been made by the claimant, give a decision in writing as to the amount of compensation, if any, which shall be granted.

Grant of compensation under section 36.

80. In coming to a determination under sub-section (*2*) of section 36, regard shall be had to the following:—

(*1*) The Collector shall grant no compensation to the claimant for any damage which—

(*a*) if caused by a private person, would not render such person liable to a suit;

(*b*) is consequent upon the removal or modification of an obstruction in any river, stream, natural water channel or natural drainage course within the limits of any tract included in a prohibitory notification under section 6 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882):

Provided that when the obstruction has been allowed on payment to the Provincial Government of a fee under the Bengal Irrigation Act, 1876, repayment of the whole or part of the fee paid may be allowed as compensation;

(*c*) is consequent upon the removal or modification of any obstruction in any river, stream, natural water channel or natural drainage course, if such removal or modification interferes with a right which the claimant has enjoyed for using such obstruction as a means of access to any place;

(*d*) is consequent upon the stoppage or diminution of any facilities for irrigation afforded by any obstruction that is removed or modified, if the Collector is satisfied that other adequate facilities for irrigation have been provided;

(*e*) is consequent upon a fishery being injuriously affected by the removal or modification of any obstruction that is intended or used for or in connection with fishing.

(*2*) If the Collector is satisfied that the removal or modification of an obstruction under section 31 has involved or will involve (*a*) damage to any building or (*b*) substantial deterioration or diminution of any supply of drinking water, he may grant compensation—

(*i*) in case (*a*), not exceeding the cost as estimated by him of the dismantling and removal to a reasonable distance of the materials of such building and of its reconstruction, and

(*ii*) in case (*b*), sufficient in his opinion to meet the cost of providing an adequate supply of drinking water of the quality not inferior to that which the claimant previously enjoyed:

Provided that he shall grant no such compensation if he is satisfied that an adequate supply of such drinking water is available within a convenient distance.

(*3*) When the claim is in respect of damage which (*a*) has been caused to a crop, or (*b*) is likely to result from inability to grow a crop, owing to the removal or modification of an obstruction under section 31, the Collector may grant as compensation in case (*a*) the value of the crop damaged as estimated by him and in case (*b*) six times the value as estimated by him of the average annual outturn of the land covered by the claim.

(*4*) When the claim is in respect of damages in consequence of modification, under section 32, of any artificial obstruction, the Collector may, in assessing the compensation, take into consideration the value of any increase in the average outturn from other land in the occupation of the claimant which in the opinion of the Collector will be made possible by the modification of such obstruction.

(*5*) When a claim is preferred for compensation under clause (*b*) of section 35, the Collector may, in assessing the compensation, take into consideration any increase that has accrued or is likely to accrue to the value of the land in respect of which the claim is preferred owing to the improvement work.

Reference of dispute to Court under section 36 (3).

81. A reference to a Court by a Collector under sub-section (*3*) of section 36 shall contain the following particulars:—

(*i*) description and area of the land in respect of which compensation is granted,

(*ii*) names and addresses of the persons interested,

(*iii*) the grounds upon which the compensation is granted,

(*iv*) the amount of compensation determined under sub-section (*1*) of section 36, and

(*v*) the particulars of the dispute."

AND WHEREAS the GOVERNMENT OF BENGAL, being satisfied by an enquiry held under sections 5A and 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the SOCIETY the piece or parcel of land hereinbefore described:

AND WHEREAS the said GOVERNMENT OF BENGAL has required the SOCIETY under the provisions of section 41 of the abovementioned Act to enter into the Agreement with the GOVERNOR as is hereinafter contained:

CHAPTER XXXIII.

APPEALS TO THE FEDERAL COURT.

1. Matters connected with appeals to the Federal Court other than those with which the Registrar is authorised to deal, shall ordinarily be heard by the Division Bench appointed to deal with such matters (in this chapter called "the Appellate Court").

2. Matters relating to (1) service of notice or other processes, (2) substitution of parties and appointment or discharge of next friend or guardian-ad-litem of minors and of persons of unsound mind, until the admission of the appeal, (3) preparation of paper-books, and (4) return of documents; and matters not expressly required to be dealt with by the Appellate Court shall be dealt with and disposed of by the Registrar.

3. Where a certificate has been given under section 205(*1*) of the Government of India Act, 1935, and the only ground of appeal is that a question of law as to the interpretation of the Government of India Act, 1935, or any order in Council made thereunder has been wrongly decided, and application for leave to appeal to the Federal Court shall be to the Appellate Court by ex parte petition verified by an affidavit.

4. Where a certificate has been given under section 205(*1*) of the Government of India Act, 1935, and the grounds of appeal include, in addition to the ground mentioned in the preceding rule, the ground that it fulfils as regards amounts or value and nature the requirements of section 110 of the Code or is otherwise a fit case for appeal to the Federal Court, an application for leave to appeal to the Federal Court, shall be to the Appellate Court by notice of motion supported by a petition verified by an affidavit which shall be in form No. 4 with such modifications as the circumstances may require. The notice, unless otherwise ordered, shall be given for the day fixed by the Appellate Court for hearing Federal Court matters and shall call upon the opposite party, to show cause, within four days after service thereof, why a certificate under Order XLV, rule 3 of the Code, should not be granted.

5. Where a certificate is granted under Order XLV, rule 3 of the Code, the appellant shall, within the time prescribed by law or within such further time as may be granted by the Appellate Court, find security for the payment of costs, ordinarily to the extent of Rs. 4,000 and as such security shall, unless otherwise specially ordered by the Appellate Court, deposit with the Registrar either cash or Government securities. In special cases the Appellate Court may require security for costs of appeals to a larger amount.

6. The appellant shall (in addition to security where required) deposit with the Registrar, towards defraying the fees and expenses to be incurred in transcribing or preparing and forwarding to the Registrar of the Federal Court the transcript or printed record, the sum of Rs. 400 and such further sum (if any) as may be subsequently required by the Registrar, within the time prescribed by law or within such further time as may be allowed by the Appellate Court.

7. The applicant, at the time the deposit or any further deposit under rule 6 is required, may apply to the Registrar for an estimate of the fees and expenses in the said rule mentioned. Such estimate

shall be prepared and shall include the matters referred to in the preceding rule and be framed in accordance with the fees and expenses therein specified. The appellant shall be entitled to be heard by the Appellate Court or any objection he may make to the estimate but shall not delay the making of the deposit or the further deposit.

8. After the security, where required, has been given and/or deposit made under rules 5 and 6, a certificate to that effect shall be drawn up in the Registrar's office, and after signature by the Registrar, be submitted by him to the Appellate Court. The Appellate Court shall thereupon declare the appeal admitted under the provisions of Order XLV, rule 8 of the Code, and an order to that effect shall be drawn up and filed.

9. On the admission of an appeal to the Federal Court, notice of such admission shall be issued by the Registrar for service on the respondent on record. Such notice shall be served by the attorney for the appellant within a week from the date of issue thereof or such extended time as may be allowed and an affidavit of due service thereof shall be filed by such attorney within four days from the date of such service.

(*b*) the Registrar, as well as the parties and their agents shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal, and, generally to reduce the bulk of the record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other formal parts of documents but the documents omitted to be printed or copied shall be enumerated in a type-written list to be transmitted with record.

12. Upon receipt of the draft index, list and requisition, the Registrar shall cause notice to be served upon the parties fixing a day not more than a week from the date of the said notice for settlement of the index and list.

13. Any of the parties who may be dissatisfied with the decision of the Registrar on the settlement of the index and list may, within a fortnight from the date of such decision, apply to the Appellate Court, on notice to the other party or parties, for an order that any paper on the record not already included in the index or list may be added thereto, or where already included may be excluded therefrom. The cost of such application shall be paid by such party or parties as the Appellate Court shall think fit.

14. The transcript or printed record for the use of the Federal Court shall consist of Parts I and II in the same volume, each part having its own index, but both indices shall be placed at the beginning of the volume. The contents of Part I and Part II, with their indices shall be the same as those of Part I and Part II, respectively, as set forth in rules 11 and 12 of Chapter XXXI, except that Part I shall contain the following additional documents in the order shown:—

(6) order on such application; and

(7) order declaring the appeal to the Federal Court admitted

The parties will be responsible for arranging the record in proper order for the Federal Court, and in difficult cases counsel may be asked to settle it.

15. In all civil cases, the portion of the record set out in the index shall be printed and the printed record certified by the Registrar.

16. After the index and list have been settled, a copy thereof and where there has been no paper-book used in the appeal from the Original Side, copies of the records set out in the index to the various parts shall be made over to the appellant's attorney. The appellant's attorney shall then cause the record to be printed in accordance with the following directions:—

No. 334/OR./40.—In exercise of the powers conferred by section 2 of the Defence of India Act, 1939 (XXXV of 1939), the Central Government is pleased to direct that the following further amendment shall be made in the Defence of India Rules, namely:—

After rule 84 of the said Rules, the following rules shall be inserted in Part XII, namely:—

"84A. *Definitions.*—(*1*) In rule 84B, unless there is anything repugnant in the subject or context,—

(*a*) "Enemy" and "enemy subject" have the meanings respectively assigned to them by rules 97 and 103;

(*b*) "Design", "invention", "patent" and "patentee" have the meanings assigned to them by section 2 of the Indian Patents and Designs Act, 1911.

(*2*) Where a patent has been granted to any person in respect of an invention communicated to him by some other person, that other person shall, for the purposes of rule 84B be deemed to have an interest in the patent unless the contrary is proved.

84B. *Power of Central Government to grant licences under patents, or designs of enemies and enemy subjects.*—(*1*) Where—

(*a*) an enemy or an enemy subject is, or has at any time subsequent to the 2nd September 1939 been, whether alone or jointly with any other person, the proprietor of a patent or registered design, or entitled to any other interest in a patent or registered design (not being merely the interest of a licensee), and

(*b*) the Central Government is satisfied that it is expedient for securing the defence of British India or the efficient prosecution of the war or for maintaining supplies and services essential to the life of the community that the rights conferred by the patent should be exercised, or that the design should be applied, as the case may be, and that a person who is not an enemy or an enemy subject desires to exercise the said rights or apply the said design and is in a position so to do,

the Central Government may, on the application of that person, make an order granting to him a licence under the patent or for the application of the design, as the case may be, either for the whole of the residue of the term of the patent or the registration, or for such less period as the Central Government thinks fit.

(2) The power of the Central Government under this rule to make an order granting a licence shall include the power—

(a) to make an order granting an exclusive licence;

(b) to make an order granting a licence in relation to a patent or registered design, notwithstanding that a licence, whether exclusive or otherwise (not being an exclusive licence granted by virtue of the powers conferred by this rule), is in force in relation thereto; and

(c) to make an order granting a licence on any terms that the Central Government may think expedient.

(3) Where, under the power conferred by this rule, the Central Government makes an order granting a licence in relation to a patent or registered design, in relation to which any other licence has been granted otherwise than by an order made under this rule, the Central Government may, in relation to that other licence, make such order—

(a) revoking the licence;

(b) revoking or varying any conditions subject to which the licence has effect; or

(c) revoking or varying any of the provisions of a contract relating to the licence in so far as they relate thereto,

as appears to it to be expedient having regard to the order made under sub-rule (1).

(4) An order granting a licence under this rule shall, without prejudice to any other method of enforcement, operate as if it were embodied in a deed granting the licence which the patentee or the proprietor of the registered design, as the case may be, and all other parties having any interest therein, had executed with full capacity so to do, and the order shall accordingly operate to take away from any such party any right in relation thereto, the exercise whereof would be inconsistent with the exercise of the licence in accordance with and subject to the terms on which it is granted.

(5) A licensee under a licence granted under this rule may institute proceedings for infringement in his own name as though he were the patentee or the proprietor of the registered design, as the case may be, so however, that any person other than an enemy who, whether alone or jointly with any other person, is the patentee or the registered proprietor of the registered design, as the case may be, shall, unless the court in which the proceedings are taken thinks fit to direct otherwise, be made a party to the proceedings, either—

(a) if he consents in writing thereto, as a plaintiff, or

(b) if he does not so consent, as a defendant.

Where any person is made defendant to any proceedings by virtue of this sub-rule, he shall not be liable for any costs unless he enters an appearance and takes part in the proceedings.

(6) An order granting a licence under this rule shall give directions as to the person to whom or the manner in which the licensee is to pay or deal with any royalties or other payments to be paid in respect of the licence.

(7) An order under this rule and a licence granted by such an order may be varied by a subsequent order made by the Central Government either:—

(a) where the licensee makes application to the Central Government for the variation thereof, or

(b) where the Central Government is of opinion that circumstances have arisen which make it just and equitable, or that it is expedient for the purposes specified in clause (b) of sub-rule (1), that it should be varied.

(8) An order under this rule and a licence granted by such an order may be revoked by a subsequent order made by the Central Government in any of the following cases, that is to say:—

(a) where the licensee makes application to the Central Government for the revocation thereof;

(b) where it appears to the Central Government that it was obtained by any misrepresentation, whether intentional or not, or was made or granted without the Central Government's having full knowledge of the material facts;

(c) where the licensee has failed to comply with any term on which the licence was granted or with a direction given under sub-rule (6), or has failed to exercise the licence in such a manner as to satisfy the reasonable requirements of the public in relation to the invention or registered design, as the case may be, or has charged, unreasonable or excessive prices in respect of anything made or done in the exercise of the licence; or

(d) where the Central Government is of opinion that circumstances have arisen which make it just and equitable, or that it is expedient for the purposes specified in clause (b) of sub-rule (1), that it should be revoked.

(9) Any licence granted under this rule may provide that the licensee may, subject to such conditions as may be imposed by the Central Government, adopt the name used by the patentee for describing or denoting the article or substance manufactured under the patent.

(*10*) The fee to be paid on an application under this rule for an order—

(*a*) granting a licence,

(*b*) revoking any licence,

(*c*) revoking or varying any conditions subject to which any licence has effect, or

(*d*) revoking or varying any of the provisions of a contract relating to any licence in so far as they relate thereto,

shall be rupees twenty in respect of each patent or registered design.

84C. *Effect of wrong decision as to enemy character.*—No order made by the Central Government under rule 84B shall be held to be invalid by reason only that any decision made for the purposes of the order that a particular person is an enemy or an enemy subject is wrong."

The 20th February 1940.

No. 346-OR./40.—In exercise of the powers conferred by sub-section (*4*) of section 2 of the Defence of India Act, 1939 (XXXV of 1939), the Central Government is pleased to direct that the powers conferred upon it by rule 84B of the Defence of India Rules shall be exercisable also by the Controller of Patents and Designs.

The 22nd February 1940.

No. 1/M. P.—In exercise of the powers conferred by section 5 of the Registration Ordinance, 1939, the Central Government is pleased to direct that the following further amendment shall be made in the Registration Rules, 1939, namely:—

For sub-rule (*1*) of rule 5 of the said Rules, the following sub-rule shall be substituted, namely:—

"(*1*) If any person registered under the Ordinance changes his registered address, he shall, unless the change is for a period not exceeding fifteen days, within seven days thereafter, notify the change to the registration authority which originally registered him; and that registration authority shall inform the registration authority within whose jurisdiction the new address is situated of the notification of the change."

The 26th February 1940.

No. 129-M.P.—In exercise of the powers conferred by sub-section (*3*) of section 1 of the Registration (Emergency Powers) Act, 1940 (I of 1940), the Central Government is pleased to appoint the 27th February 1940, as the date on which the said Act shall come into force.

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 1000L.A.—28th February, 1940.—The following report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940.

We, the members of the Select Committee to which the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 15th February, 1940, beg to submit this our report with the Bill embodying amendments recommended by us annexed.

The Committee met for the first time on the 20th February, 1940, and thereafter on the 21st, 23rd and 26th February, 1940, when they concluded their deliberations on the Bill.

The Bill was published before introduction in the *Calcutta Gazette* of the 30th January, 1940, and has not been altered by us to the extent of requiring republication.

The reasons for alterations made in the Bill except those of a verbal and consequential nature are as follows:—

Clause 1.

Sub-clause 2.—The sub-clause has been amended to extend the application of the Act to all areas outside Calcutta and its notified suburbs as we did not consider any further limitation advisable.

Sub-clause 3.—This sub-clause has been deleted as we did not consider it advisable to specify the period of continuation of the Act.

Clause 2.

The definition has been expanded for the purpose of clarity.

Clause 3.

The operation of this clause has been extended to cover suits as well as proceedings in execution as we did not consider that the original provision would fully meet the purpose of the Bill.

Provisos (*a*) and (*b*) have been deleted as we did not consider that suits or proceedings for ejectment for non-payment of rent or breech of conditions should be protected.

Clause (*c*) has been amended to attract the operation of sections 106 and 116 of the Transfer of Property Act relating to holding over.

Clause 4.

Time-limit for an application has been extended by the substitution in lines 9 and 10.

The concluding words have been deleted to leave to the discretion of the Courts the matter of costs according to the merits of each case.

*Signed subject to a minute of dissent, annexed.

NOTE.—The signature of Sir Hari Sankar Paul, M.L.A., had not been received till the time of printing this report.

Minute of dissent by Maulvi Abu Hossain Sarkar, M. L. A.

I sign the report reserving my right to propose amendment for dropping the proviso of clause 3.

Minute of dissent by Mr. P. Banerjee, M. L. A.

I sign the report subject to the following minute of dissent.

Although it has been decided by the Committee that the Bill has not been so altered as to require republication I think that the Bill should be republished with a view to obtaining public opinion as the scope of the Bill has been very much widened.

In clause 3 of the Bill there should have been a provision empowering the owner of the land to take possession for his own use or occupation with proper safeguards as was provided in section 11 of the Calcutta Rent Act of 1920.

The proviso of clause 3 as now aimed contemplates that a tenant on the expiry of his lease is liable to ejection but a tenant whose lease has already expired and a good landlord has allowed him to hold over cannot be ejected, although he is to be deemed as a tenant from month to month or from year to year. This is somewhat anomalous and there should be equal treatment in all the cases.

The clause 8 is absurd and should be deleted.

There is no sufficient reason for retention of this clause making differential treatment between landlords and landholders.

I reserve my right of moving necessary amendments in this connection.

Minute of dissent by Mr. George Morgan, C.I.E., M. L. A.

I cannot agree with the deletion of clause 1, sub-clause 3, on which the temporary nature of the Bill referred to in the Preamble and the Title of the Bill entirely depends.

THE BENGAL NON-AGRICULTURAL TENANCY (TEMPORARY PROVISIONS) BILL, 1940.

NOTE.—All matters omitted by the Select Committee have been printed in italics and included in square brackets and all new matters inserted have been underlined.

A

BILL

to provide for the temporary stay of certain suits and proceedings [for delivery of possession in execution of certain decrees] for ejectment of certain non-agricultural tenants.

WHEREAS it is expedient, pending the enactment of further legislation, to provide for the temporary stay of certain suits and proceedings [*for delivery of possession in execution of certain decrees*] for ejectment of certain non-agricultural tenants;

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL No. 3 OF 1940.

A Bill to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be.

WHEREAS it is expedient to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be, and for that purpose further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898; XLV of 1860. V of 1898.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Offences on Ships and Aircraft Act, 1940.

Amendment of section 4 of Act XLV of 1860.

2. In section 4 of the Indian Penal Code, after clause (3) the following clause shall be inserted, namely:—

"(4) any person on any ship or aircraft registered in British India wherever it may be."

Amendment of section 188 of Act V of 1898.

3. In section 188 of the Code of Criminal Procedure, 1898, after the words "Prince or Chief in India", where they occur for the second time, the following words shall be inserted, namely:—

"or

when any person commits an offence on any ship or aircraft registered in British India wherever it may be,".

STATEMENT OF OBJECTS AND REASONS.

The Indian Aircraft (Amendment) Act, 1939 (XXXVII of 1939), was enacted to enforce compliance with certain regulations, framed to meet India's extra-territorial obligations arising out of the International Covention of 1919, by all aircraft registered in India, wherever they may happen to be. In order to make these regulations effective it has been found necessary to amend section 4 of the Indian Penal Code and section 188 of the Code of Criminal Procedure, 1898. As the law now stands, offences committed (*a*) outside British India by foreigners and (*b*) by British subjects other than Indian British subjects outside India on aircraft registered in British India cannot be dealt with in British Indian Courts. It is therefore now proposed to amend the criminal law so as to extend its operation to offences committed by such persons on aircraft registered in British India wherever it may be. It is also proposed to take advantage of this opportunity to make a similar amendment in the law in so far as offences on ships registered in India are concerned.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL No. 6 OF 1940.

A Bill to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy.

WHEREAS it is expedient to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Royal Indian Navy (Extension of Service) Act, 1940.

Extension of service where term of service has expired.

2. (*1*) Until such date as may be notified by the Central Government as the date of termination of the present hostilities, any person enrolled for service in the Royal Indian Navy who, by reason of the expiry of the term for which he engaged to serve when so enrolled, is no longer liable for service shall notwithstanding such expiry continue to be enrolled for service and to be liable for service in the Royal Indian Navy until he is discharged by order of the Officer Commanding the Royal Indian Navy:

Provided that the period for which the service of any such person is extended under this section shall not exceed five years from the day on which his service would otherwise have terminated.

(*2*) The provisions of this section shall apply also to any person enrolled for service in the Royal Indian Navy if the expiry of the term for which he engaged to serve occurred between the 2nd day of September, 1939, and the commencement of this Act.

---

*The Governor-General has been pleased to give the previous sanction required by section 108 (*1*) (*c*), read with section 313 (*4*) (*a*) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

In view of the present emergency, this Bill is intended to secure that all classes of men now serving in the Royal Indian Navy, whose terms of service may have expired after the 2nd September, 1939, or may expire during the period of hostilities, may be required, if necessary, to serve after the expiration of their current engagements. Formerly, ratings could be retained in the service until the cessation of hostilities in accordance with a notification issued under section 4 of the Indian Marine Act, 1887. The Indian Marine Act of 1887 was, however, repealed by the passing of the Indian Navy (Discipline) Act of 1934, and this provision lapsed. This Bill is designed to revive that provision in order to ensure that the strength and efficiency of the Royal Indian Navy is maintained during the present hostilities.

STATEMENT OF OBJECTS AND REASONS.

Although in the draft of the Defence of India Rules power had been taken to impose restrictions in the event of war upon foreigners in British India, it was found necessary to take those powers in the period of tension immediately preceding the outbreak of war, and in advance of the promulgation of the Defence of India Ordinance. The substance of Part V of the Defence of India Rules together with certain supplementary provisions taken from Part XVIII of those rules was accordingly promulgated in the form of the Foreigners Ordinance, 1939, on the 26th August, 1939. In consequence of this step, all action so far taken in connexion with the war in respect of foreigners has, with the exception of that provided for in rule 31A of the Defence of India Rules, been taken in pursuance of orders made under the Foreigners Ordinance. It was at one time intended to replace these orders in the expiry of the Foreigners Ordinance by orders made under the Defence of India Rules. In view, however, of the self-contained nature of the Foreigners Ordinance and of the danger of confusion which might follow upon the re-issue of the substance of orders made under that Ordinance in the form of orders and rules made under the Defence of India Act, Government came to the conclusion that it would be preferable to replace the Foreigners Ordinance by an Act having the same relation to that Ordinance and the orders made thereunder as the Defence of India Act has to the Defence of India Ordinance and the rules made thereunder.

2. The Bill is, therefore, a reproduction in the form of an Act of the Foreigners Ordinance with two additions only, one, sub-clause (*3*) of clause (*1*), providing that the Act shall have effect for the duration of the present war and six months thereafter, and the other, clause 15, providing for the continuance of all action taken under the Foreigners Ordinance, thus obviating the necessity for the re-issue in an amended form of those orders. If the Bill is passed, rules 30, 31, 32 and 33 of the Defence of India Rules will be redundant and will be withdrawn, but rule 31A will continue to have effect by virtue of clause 15 of the Bill.

R. M. MAXWELL.

NEW DELHI;

The 30th January, 1940.

NOTES ON CLAUSES.

(With the exception of clause 15, which is new, the numbering of the clauses of the Bill follows that of the sections of the Foreigners Ordinance.)

Clause 1.—Is an adaptation of section 1 of the Foreigners Ordinance, sub-section (*3*) being a reproduction of sub-section (*4*) of section 1 of the Defence of India Act, 1939.

Clause 2.—It was considered desirable to exclude the subjects of Indian States and the natives of tribal areas from the definition of "foreigner", since the necessity for the imposition of restrictions upon these persons as a class is not likely to arise.

Clause 3.—Provides for the control of the entry into, departure from and residence, movements and conduct in, British India of foreigners. In general, the clause covers the same ground as sub-section (*1*) of section 1 of the British Aliens Restriction Act of 1914.

Clause 4.—In consequence of Government's decision to intern, as a preliminary measure, all male enemy subjects of or over the age of 16 years whether of military age or not, it was necessary to determine the status of persons so interned. An examination of this question led Government to the conclusion that, while the general principles relating to prisoners of war laid down in the Hague Convention on the subject should apply to their treatment, they are not, for all purposes, prisoners of war. Special provision was, therefore, necessary to sanction the determination of the conditions of their internment and kindred matters.

Sub-clause (*1*) is an amplified form of sub-rule (*3*) of rule 31 of the Defence of India Rules, while sub-clauses (*2*), (*3*) and (*4*) are an adaptation of rule 28 of those rules imported into the Ordinance in consequence of the inapplicability of the term "prisoners of war" in that rule.

Clause 5.—In order to prevent foreigners from evading surveillance, it is necessary to prohibit their changing the names under which they were registered on the outbreak of war. There is a corresponding provision in section 7 of the British Aliens Restriction (Amendment) Act of 1919.

Clause 6.—In the event of use being made of the power conferred by clause 3 (*2*)(*a*) for the control of immigration, the assistance of masters of vessels will be necessary. The clause is based upon section 20 of the Foreigners Act, 1864. During the last war, the emergency sections of this Act were brought into force and were supplemented by a Foreigners Ordinance. An examination of the provisions of that Act has shown that it is in many ways obsolete, and is, in any case, as was shown by experience during the last war, inadequate to deal with a war emergency. To prevent confusion and a multiplicity of enactments, it was decided not to enforce sections 6 to 25 of the Foreigners Act, but to take such powers as that Act would provide in the self-contained Foreigners Ordinance.

Clause 7.—For the effective enforcement of orders in respect of foreigners it is essential that the burden of proof that an individual is not subject to those orders should lie upon him. A corresponding provision will be found in section 2 of the Foreigners Act, 1864, in sub-section (*4*) of section 1 of the British Aliens Restriction Act of 1914, and in section 4 of the Registration of Foreigners Act, 1939.

Clause 8.—May be compared with section 25 of the Foreigners Act, 1864, and section 6 of the Registration of Foreigners Act, 1939.

Clause 9.—This clause is necessary to import in respect of the control of foreigners the power conferred by rule 132 of the Defence of India Rules which does not apply to orders made under the Foreigners Ordinance.

Clause 10.—The power of delegation is an administrative necessity.

Clause 11.—May be compared with rules 121 and 123, and with sub-rule (*5*) of rule 25, of the Defence of India Rules.

Clause 15.—This clause is based upon section 21 of the Defence of India Act, but, for the avoidance of confusion, has been amplified so as to make it beyond doubt that rule 31A of the Defence of India Rules shall continue to have effect in respect of the Regulations for the Maintenance of Discipline among Enemy Internees which were made under the Foreigners Ordinance on the 5th December, 1939.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940 :—

L. A. BILL No. 4 OF 1940.

A Bill further to amend the Indian Coinage Act, 1906.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for the purpose hereinafter appearing ; III of 1906.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Coinage (Amendment) Act, 1940.

Amendment of section 5 of Act III of 1906.

2. For section 5 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), the following section shall be substituted, namely :—

Standard weight and fineness.

"5. (*1*) The standard weight of the Government rupee shall be one hundred and eighty grains troy.

(*2*) The other silver coins shall be of proportionate weight.

(*3*) The standard fineness of the Government rupee shall be as follows, namely, eleven-twelfths, or one hundred and sixty-five grains of fine silver, and one-twelfth, or fifteen grains of alloy : of the half-rupee, eleven-twelfths, or eighty-two and a half grains of fine silver, and one-twelfth, or seven and a half grains of alloy : and of the quarter-rupee, one-half, or twenty-two and a half grains of fine silver, and one-half, or twenty-two and a half grains of alloy.

(*4*) In the making of silver coins, a remedy shall be allowed of an amount not exceeding the following, namely:—

	Remedy in weight.	Remedy in fineness.
Rupee Half-rupee	Five-thousandths	.. Two-thousandths.
Quarter-rupee	Nine-thousandths	.. Five-thousandths.

and in applying the said remedies to quarter-rupees the remedies shall be applied to the average of one hundred coins and not to individual coins."

Amendment of section 15, Act III of 1906.

3. To section 15 of the said Act the following sub-section shall be added, namely :—

"(*3*) All quarter-rupee silver coins which may have been issued under this Act prior to the commencement of the Indian Coinage (Amendment) Act, 1940, shall continue to be a legal tender in payment or on account for any sum not exceeding one rupee at the rate of four for a rupee."

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

With the rise in commodity prices the demand for small coin, particularly four-anna pieces, has greatly increased. The minting of nickel four-anna pieces was stopped some years ago and it is not the intention to revive the minting of these coins. It would, however, be extremely wasteful to turn out a large quantity of silver four-anna pieces of the present fineness of eleven-twelfths silver and one-twelfth alloy. It is therefore proposed to mint silver quarter-rupees of the reduced fineness of one-half silver and one-half alloy.

---

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

The accounts of the Reserve Bank of India are at present closed on the 31st December each year. As this date coincides with the height of the busy season, the Reserve Bank experiences considerable difficulty in closing its accounts and in preparing its annual report for submission to the share-holders within six weeks as prescribed in section 14 of the Reserve Bank of India Act. The Reserve Bank has therefore requested Government to introduce the necessary legislation to enable it to close its accounts on the 30th June of each year.

Dacca, the 4th March 1940.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th February 1940.

Second Forecast of the Spring Oilseed Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under linseed in Bengal has represented some 3·3 per cent. and that of rape and mustard 12·4 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the first forecast a spell of drought set in and adversely affected the growth of the crops. Some damage has also been done by insect pests at places. The present condition of the crops is fair.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 964,600 this year as against 987,600 and 978,000 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the Province works out at 76 per cent. of the normal as against 77 and 76 per cent. reported, respectively, in the corresponding and final forecasts of last year.

M. CARBERY,

Director of Agriculture, Bengal.

COMMUNIQUE.

The revision of the electoral rolls for all the constituencies of the Bengal Legislative Assembly is now nearing completion, and the revised rolls will be published in draft on the 1st April 1940.

2. Every effort has been made to make the rolls as complete and as accurate as possible, but persons who consider themselves qualified to vote are advised to inspect the rolls when they are published, to see if their names are included. If their names are not included, or if they consider that there is any inaccuracy in the entries, they may make claims to have their names included, or may submit objections to entries which they consider to be inaccurate or wrong.

3. A complete copy of the draft rolls for the constituencies will be published at the offices of the Registering Authority and the Returning Officer. In urban areas, the rolls for General, Muhammadan, Indian Christian and Women's constituencies will be published at the office of the municipality or cantonment concerned and also at convenient places within wards. In rural areas relevant portions of these rolls will be published at the offices of the chaukidari union and union board, at police-stations, sub-registry offices, subdivisional offices, Munsifs' or District Judges' courts and at District offices.

4. Claims and objections must be submitted in prescribed forms and in the manner provided in the rules, and are to be addressed to the Revising Authority. They may be presented either to the Revising Authority or to the Registering Authority or to the District or Subdivisional Magistrate of the district or subdivision to which the claimant or objector belongs, or they may be sent by post to the Revising Authority. In the case of Labour and of Commerce and Industry constituencies claims and objections are to be addressed and presented or sent by post to the Revising Authority. The names of Revising Authorities and Registering Authorities are given in the notices with which the rolls are published.

5. The last date for submitting claims and objections is the 15th April 1940, in respect of the Trade Union Labour rolls and the 1st May 1940 in respect of all other rolls. Under the rules, applications received after the respective dates will be rejected.

6. The forms on which claims and objections may be made will be obtainable free of charge from the offices of Registering Authorities, Commissioners of Divisions, District Officers and Subdivisional Officers concerned. Claims and objections not submitted in the prescribed forms are liable to be rejected, but there is no objection to a claim or objection being filed on a typed form if a printed form is not available.

7. All necessary particulars regarding the qualifications of electors, the method of publication and revision of the electoral rolls and the prescribed forms for claims and objections have been embodied in the Bengal Legislature Manual, Volumes I and II, copies of which can be purchased from the Bengal Government Press (Publication Branch), 38, Gopalnagar Road, Alipore, or the Sales Office, Writers' Buildings, Calcutta.

(*b*) Upon receipt of a report under sub-rule (*a*), the Transport Authority by which the permit was issued may if the alteration is such as to contravene any of the provisions or conditions of the permit—

(*i*) vary the permit accordingly, or

(*ii*) require the permit holder to provide a substitute vehicle within such period as the authority may specify, and, if the holder fails to comply with such requirement, cancel or suspend the permit

(*c*) A Transport Authority varying, suspending or cancelling a permit or causing another vehicle to be substituted for a vehicle covered by a permit, shall intimate particulars to the Transport Authority of any other region in which the permit is valid by virtue of countersignature or otherwise.

112. *Provision as to trailers.*—(*a*) No trailer other than the trailing half of an articulated vehicle shall be attached to a public service vehicle.

(*b*) Save in the case of a trailer being used for the carriage of troops or police, no person other than the attendant or attendants required by rule 208 shall be carried on a trailer

(*c*) Subject to the provisions of sub-rule (*d*) all the provisions of these Rules relating to a private carrier's permit or to a public carrier's permit shall apply to any trailer used for the purposes of a private carrier or a public carrier, as the case may be.

(*d*) A Provincial Transport Authority or a Regional Transport Authority granting or countersigning a private carrier's permit or a public carrier's permit may require, as a condition of the permit or of the countersignature, as the case may be, that no trailer or that not more than one trailer or that no trailer of a specified description shall be attached to any transport vehicle covered by the permit.

113. *Inspection of transport vehicles and their contents.*—(*a*) Any police officer in uniform not below the rank of Sergeant or Sub-Inspector may at any time when the vehicle is in a public place call upon the driver of a goods vehicle to stop the vehicle and to keep it at rest for such time as may be necessary to enable the police officer to make reasonable examination of the contents of the vehicle.

(*b*) Notwithstanding the provisions of sub-rule (*a*), the police officer shall not be entitled to examine the contents of any goods vehicle unless—

(*i*) the permit in respect of the vehicle contains a provision or condition in respect of the goods which may or which may not be carried on the vehicle;

(*ii*) the police officer has reason to suppose that the vehicle is being used in contravention of the provisions of the Act or these Rules.

(*c*) Any police officer in uniform may at any time when the vehicle is in a public place call upon the driver of a public service vehicle to stop the vehicle and to keep it at rest for such time as may be necessary to enable the police officer to make reasonable examination of the number of passengers and other contents of the vehicle so as to satisfy himself that the provisions of the Act and these Rules and the provisions and conditions of the permit in respect of the vehicle are being complied with.

(*d*) Any Magistrate of first or second class, any police officer of or above the rank of Deputy Superintendent, or any Inspector of motor vehicles shall be entitled at any reasonable time to inspect any public service vehicle in a public place.

Chapter V.—Construction, Equipment and Maintenance of Motor Vehicles.

120. *General.*—(*a*) No person shall use and no person shall cause or allow to be used or to be in any public place any motor vehicle which does not comply with the rules contained in this Chapter, or with any order thereunder made by competent authority.

(*b*) Nothing in this rule shall apply to a motor vehicle which has been damaged in an accident while at the place of the accident or to a vehicle so damaged or otherwise defective while being removed to the nearest reasonable place of repair or disposal.

121. *Lamps.*—(1) Save as hereinafter provided, every motor vehicle while in a public place during the period between half an hour after sunset and half an hour before sunrise and at any other time when there is not sufficient light to render clearly discernible persons and vehicles on the road at a distance of five hundred feet ahead, shall carry the following lamps (hereinafter referred to as "obligatory front lamps"):—

(*a*) save in the cases of a motor cycle and an invalid carriage, two lamps showing to the front a white light visible from a distance of five hundred feet and indicating approximately the width of the vehicle;

(*b*) in the cases of a motor cycle and an invalid carriage, one lamp showing to the front a white light visible from a distance of five hundred feet and, where the registration marks exhibited at the front of the vehicle is exhibited on both sides of a plate in the manner prescribed in sub-rule (*e*) of rule 35, so fixed as to illuminate both sides of the plate;

(*c*) in the case of a side car attached to a motor cycle, a lamp affixed to the extreme left hand side of the side car showing to the front a white light visible from a distance of five hundred feet, in addition to the lamp required by clause (*b*) above to be carried on the motor cycle;

and shall, in every case, also carry—

(i) one lamp (hereinafter referred to as the "rear lamp") showing to the rear a red light visible from a distance of five hundred feet; and

(ii) a lamp, which may be the rear lamp or some other device, illuminating with a white light the whole of the registration mark exhibited on the rear of the vehicle, so as to render it legible from a distance of fifty feet to the rear:

Provided that when a motor vehicle is drawing another vehicle or vehicles and the distance between such vehicles does not exceed five feet it shall not, subject to any other provision of these Rules, be necessary for the drawn vehicles to carry obligatory front lamps or for any save the last drawn vehicle to carry a rear lamp or a lamp illuminating the rear registration mark.

(2) Every lamp required under sub-rule (1) to be carried shall, during the aforesaid period, be kept properly lighted and in an efficient condition.

(3) Obligatory front lamps shall be as nearly as possible of the same power and at the same height from the ground.

(4) No lamp showing a light to the front shall be fixed so that the centre of the lamp is more than five feet from the ground, provided that this provision shall not apply to the internal lighting of any motor vehicle or to any light necessary to illuminate the route board of a public service vehicle.

(5) The rear lamp shall be fixed either on the centre line of the vehicle or to the right hand side and, save in the case of a transport vehicle, at a height of not more than three feet and six inches from the ground. In the case of a transport vehicle the rear light may be fixed at such a level as may be necessary to illuminate the registration mark.

(6) Where a trailer is being drawn by a motor vehicle, other than the drawn part of an articulated vehicle, a lamp of as nearly as possible the same size and power as the rear lamp and showing a red light to the rear shall be affixed to the trailer vertically above or below the rear lamp at a distance of not less than two feet or more than three feet from the rear lamp.

(7) No motor vehicle shall show a red light to the front or other than a red light to the rear, provided that this provision shall not apply to the internal lighting of the vehicle or to an amber light if displayed by any direction indicator.

(8) No lamp showing a light to the front shall be used on any vehicle unless such lamp is so constructed, fitted and maintained that the beam of light emitted therefrom—

(*a*) is permanently deflected downwards to such an extent that it is at all times incapable of dazzling any person, standing on the same horizontal plane as the vehicle at a greater distance than 25 feet from the lamp, and whose eye-level is not less than 3 feet 6 inches above that plane; or

(*b*) can be deflected downwards or both downwards and to the left by the driver in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid; or

(*c*) can be extinguished by the operation of a device which at the same time causes a beam of light to be emitted from the lamp which complies with clause (*a*); or

(*d*) can be extinguished by the operation of a device which at the same time either deflects the beam of light from another lamp downwards or both downwards and to the left in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid, or brings into or leaves in operation a lamp or lamps which complies or comply with clause (*a*).

(9) Sub-rule (8) shall not apply to any lamp fitted with an electric bulb if the power of the bulb does not exceed seven watts and the lamp is fitted with frosted glass or other material which has the effect of diffusing the light.

122. *Brakes.*—(*a*) Every motor vehicle shall be fitted with brakes of sufficient strength capable of stopping the vehicle within the distance specified in sub-rule (*j*) and of holding it at rest in all conditions and all the brakes with which the motor vehicle is fitted shall at all times be properly connected and shall be maintained in good and efficient condition.

(*b*) Every motor vehicle, other than an invalid carriage, a trailer, a road roller or a locomotive, shall be equipped with an efficient braking system or systems sufficient to supply two means of operation so designed and constructed that notwithstanding the failure of any part (other than a fixed member or a brake shoe anchor pin) through or by means of which the force necessary to apply the brakes is transmitted, there shall still be available for the driver to apply to not less than half the number of the wheels of the vehicle, brakes sufficient under the most adverse conditions to bring the vehicle to rest within a reasonable distance:

Provided that, save in the cases of a tractor and a heavy motor vehicle, in the event of such failure as aforesaid it shall not be necessary for brakes to be available for application by the driver—

(i) in the case of a motor vehicle registered in India before the first day of April 1940, to more than two wheels; and

(ii) in the case of a motor vehicle having less than four wheels to more than one wheel.

(*c*) The application of one means of operation shall not affect or operate the pedal or hand lever of the other means of operation.

(*d*) In the case of vehicles registered in India on or after the first day of April 1940, no braking system shall be dependent upon the rotation of the engine, and to the braking system of any trailer and of the trailing half of any articulated vehicle:

Provided that this sub-rule shall not apply in the case of a vehicle referred to in clause (ii) of sub-rule (*h*) hereof.

(*e*) The brakes of a motor vehicle which are operated by one of the means of operation shall be capable of being applied by direct mechanical action without the intervention of any hydraulic, electric or pneumatic device.

(*f*) In the case of a motor vehicle with more than three wheels, other than an invalid carriage, a road roller or a locomotive, where any brake shoe is capable of being applied by more than one means of operation, all the wheels shall be fitted with brakes, all of which are operated by one of the means of operation;

Provided that, except in the case of a tractor,—

(i) where a motor vehicle has more than six wheels, at least four of which are steering wheels, it shall be a sufficient compliance with this sub-rule if brakes are fitted to all the wheels other than two steering wheels which are situated on opposite sides of the vehicle, and all such brakes are operated by one of the means of operation,

(ii) where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation operates the brakes on two driving wheels situated on opposite sides of the vehicle and the other means of operation operates brakes on all the other wheels required to be fitted with brakes by this sub-rule:

Provided further that, where means of operation are provided in addition to those prescribed by this rule, such additional means of operation may be disregarded for the purposes of this sub-rule.

(*g*) One at least of the means of operation shall be capable of causing brakes to be applied directly and not through the transmission gear to all the wheels of the vehicle:

Provided that, in the case of a motor vehicle registered in India before the first day of April 1940, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation applies brakes directly and not through the transmission gear to not less than two of the wheels of the vehicle:

Provided further that where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if the brakes applied by one means of operation act directly on two driving wheels on opposite sides of the vehicle add the brakes applied by the other means of operation act directly on all other driving wheels.

(*h*) For the purposes of this rule—

(i) in the case of a motor vehicle other than an invalid carriage, a road roller or a locomotive,

(*a*) except in the case of a motor vehicle the unladen weight of which does not exceed 2,240 pounds or which is a passenger vehicle constructed or adapted to carry not more than seven passengers exclusive of the driver, not more than one front wheel shall be included in half the number of wheels of the vehicle, and

(*b*) every moving shaft to which any part of a braking system or any means of operation thereof is connected or by which it is supported shall be deemed to be part of that system;

(ii) in the case of a motor vehicle propelled by steam and not used as a public service vehicle, the engine shall be deemed to be an efficient braking system with one means of operation if the engine is capable of being reversed and is incapable of being disconnected from any of the driving wheels of the vehicle except by the sustained action of the driver.

(*i*) Every locomotive shall have an efficient braking system, the brakes of which act upon all the wheels of the locomotive other than the steering wheels, provided that this provision shall not apply to a locomotive registered in India before the first day of April 1940, if the locomotive is propelled by steam and the engine thereof is capable of being reversed.

(*j*) The braking system operated by one of the means of operation shall, according to whether the vehicle is laden or unladen, be capable of bringing it to rest when travelling at the speed specified in the table below within the distance therein specified when, at the time of the application of the brakes, the vehicle is travelling over a hard, dry, level road in good condition, with top gear and clutch engaged, or when, in the same conditions, the efficiency of the brakes as determined by a brake-testing meter approved by the Provincial Government is not less than 30 per cent. when the vehicle is laden and not less than 40 per cent. when the vehicle is unladen:—

Provided that the word "laden" here means with not less than 50 per cent. of the legal load, not 50 per cent. of the gross weight.

125. *Silencers.*—(*a*) Every motor vehicle shall be fitted with a device (herein referred to as a silencer) which by means of an expansion chamber or otherwise reduces as far as may be reasonable and practicable the noise that would otherwise be made by the escape of exhaust gases from the engine.

(*b*) Every motor vehicle shall be so constructed or equipped that the exhaust gases from the engine are not discharged downwards so as to impinge on the road surface.

126. *Mirror.*—Every motor vehicle, other than a transport vehicle or a motor cycle having not more than two wheels and to which a side car is not attached, shall be fitted either internally or externally, and every transport vehicle shall be fitted externally, with a mirror so placed that the driver shall be able to have a clear and distinct vision of vehicles approaching from the rear.

127. *Dangerous projections.*—(*a*) No mascot or other similar fitting or device shall be carried by any motor vehicle registered in India after the first day of April 1941 in any position where it is likely to strike any person with whom the vehicle may collide unless the mascot is unlikely to cause injury to any person by reason of any projection thereon.

(*b*) No motor vehicle shall be permitted to be used which is so constructed that any axle hub or hub cap projects laterally more than four inches beyond the rim of the wheel to which it is attached, unless the hub or hub cap does not project laterally beyond the body or wings of the vehicle and is provided with an adequate guard.

128. *Noise.*—Every motor vehicle shall be so constructed and maintained as not to cause undue noise.

129. *Safety glass.*—(*a*) After the first day of April 1941, the glass of windscreens or windows facing to the front on the outside of every motor vehicle except glass fitted to the upper deck of a double decked vehicle shall be safety glass.

131. *Windscreen wiper.*—(*a*) On and after the first day of April 1940 an efficient automatic windscreen wiper shall be fitted to every motor vehicle which is so constructed that the driver cannot by opening the windscreen, or otherwise, obtain an adequate view to the front of the vehicle without looking through the windscreen.

(*b*) This rule shall not apply to a motor vehicle registered in India before the first day of April 1940.

132. *Tyres.*—(*a*) The pneumatic tyres of every motor vehicle shall be kept properly inflated and in good and sound condition.

(*b*) A tyre shall be deemed to be not in good and sound condition if—

(*i*) any of the fabric of the casing is exposed by wear of the tread or by any unvulcanized cut or abrasion of any part; or

(*ii*) the tyre shows signs of incipient failure by local deformation or swelling; or

(*iii*) it has been patched or repaired by an outside gaiter or patch other than a properly vulcanized repair.

Provided that clause (iii) shall not apply to a temporary repair effected to enable the vehicle to be moved to the nearest reasonable place where the tyre can be repaired or replaced.

(*c*) After the first day of April 1942, no motor vehicle other than a track laying vehicle shall be driven at a speed in excess of six miles per hour unless it is fitted with pneumatic tyres on all wheels.

133. *Smoke, vapour, grease—emission of.*—(*a*) Every motor vehicle shall be so constructed, shall be maintained in such condition, and shall be so driven and used on a road, that there shall not be emitted therefrom any excessive smoke, visible vapour, grit, sparks, ashes, cinders, or oily substance, the emission of which could be prevented or avoided by the taking of any reasonable steps or the exercise of reasonable care, or the emission of which might cause damage to other persons or property or endanger the safety of any other users of the road in consequence of any harmful content therein.

(*b*) Every motor vehicle using solid fuel shall be fitted with an efficient appliance for the purpose of preventing the emission of sparks or grit and also with a tray or shield to prevent ashes and cinders from falling on to the road.

134. *Speedometer.*—(*a*) Every motor vehicle, other than an invalid carriage or a vehicle which may not, under the provisions of the Eighth Schedule to the Act, at any time be driven at a rate of speed in excess of six miles per hour, shall be fitted with an instrument (herein referred to as a "speedometer") so constructed and in such a position as at all times readily to indicate to the driver of the vehicle the speed at which the vehicle is travelling.

(*b*) A speedometer shall be deemed to satisfy the requirements of this rule if, upon test, it is found to be accurate within ten per cent. above or below the speed specified for the vehicle in the Eighth Schedule to the Act or, if no speed is so specified, then above or below a speed of thirty miles per hour.

135. *Springing.*—Every motor vehicle and every trailer drawn thereby shall be equipped with suitable and sufficient means of springing adequately maintained in good and sound condition between the road wheels and the frame of the vehicle:

Provided that this rule shall not apply to—

(*i*) any motor vehicle registered in India before the first day of April 1940 if any means of springing with which it is fitted are adequately maintained in good and sound condition;

(i) any starting handle;
(ii) any hood when down;
(iii) any ladder forming part of a turn-table fire escape fixed to a vehicle;
(iv) any post office letter-box the length of which measured parallel to the axis of the vehicle does not exceed twelve inches.

(b) The overhang of a motor vehicle other than a tractor or locomotive shall not exceed forty-five per cent. of the distance between the plane perpendicular to the axis of the motor vehicle which passes through the centre or centres of the front wheel or wheels and the foremost vertical plane from which the overhang is to be measured as defined in sub-rule (c).

Provided that this sub-rule shall not apply to vehicles registered in India before the first day of April 1940 and that the Regional Transport Authority may by general or special order direct that fifty per cent. be substituted for forty-five per cent. in this sub-rule with effect in such areas and in relation to vehicles of such class as the authority may specify.

(c) For the purposes of this rule "overhang" means the distance measured horizontally and parallel to the longitudinal axis of the vehicle between two vertical planes at right angles to such axis passing through the two points specified in paragraphs I and II of this definition respectively—

I—The rearmost point of the vehicle exclusive of—

(i) any hood when down;
(ii) any post office letter-box, the length of which measured parallel to the longitudinal axis of the vehicle, does not exceed 12 inches;

(ii) in the case of a motor vehicle having only three axles where the front axle is the only steering axle, a point 4 inches in rear of the centre of a straight line joining the centre points of the rear and middle axles, or

(iii) in any other case a point situated on the longitudinal axis of the vehicle and such that a line drawn from it at right angles to that axis will pass through the centre of the minimum turning circle of the vehicle.

(d) In the case of any motor vehicle registered in India before the first day of April 1940, it shall suffice if the overhang does not exceed 7/24ths of the overall length of the vehicle.

141. *Turning circle.*—Every motor vehicle shall be so constructed as to be capable of turning in either direction in a circle not exceeding in diameter sixty feet in the case of a vehicle the overall length of which does not exceed twenty-six feet, and sixty-six feet in the case of a vehicle the overall length of which exceeds twenty-six feet. For the purposes of this rule such diameter shall be determined by reference to the extreme outer edge of the wheel track at ground level.

142. *Direction indicators and stop lights.*—(a) For the purposes of the proviso to section 79 of the Act, the signal of an intention to

turn to the right or left may be given by a mechanical or electrical direction indicator and, during the period between half an hour after sunset and half an hour before sunrise, the signal of an intention to stop may be given by an electrical stop light as hereinafter specified.

(*b*) Every electrical direction indicator shall when in operation be in the form of an illuminated sign of amber colour of a minimum illuminated length of six inches and of a maximum illuminated breadth not exceeding one-fourth of the illuminated length, and the illuminated surface shall be visible both from front and rear of the vehicle.

(*i*) it is not more than four feet behind the base of the windscreen;

(*ii*) it is not more than six feet and six inches above the level of the ground;

(*iii*) when in operation—

(*1*) it temporarily alters the outline of the vehicle to the extent of at least six inches measured horizontally;

(*2*) its outermost point shall be at least six inches further from the longitudinal axis of the vehicle than is the outermost point of the driver's cab or of the side of the body immediately behind the driver's seat; and

(*3*) it remains steady;

(*iv*) the driver of the vehicle when in his driving seat may be readily aware that it is operating correctly:

Provided that clause (*i*) shall not apply in the case of a pillarless saloon motor car if the direction indicator is not situated behind the widest part of the body.

(*e*) For the purpose of this rule a "pillarless saloon motor car" means a motor vehicle which is constructed solely for the carriage of passengers and their effects and is adapted to carry not more than seven persons exclusive of the driver and which has—

(*i*) an enclosed body with four doors; and

(*ii*) no vertical dividing pillar between the doors on either side of the vehicle.

(*f*) Additional direction indicators in the form specified in sub-rule (*b*) may be fitted at the rear of any vehicle provided that—

(*i*) they are only used co-incidentally with those fitted in accordance with the provisions of sub-rule (*d*); and

(*ii*) they are visible at a reasonable distance from any point in the rear of the vehicle.

(*g*) Every direction indicator shall be so fitted that when not in operation it will not be likely to mislead the driver of any other vehicle or any person controlling traffic.

(*h*) Every stop light shall be fitted at the rear of the vehicle and not to the left of the centre thereof and when in operation shall show a red or amber light:

Provided that nothing in this rule shall prevent the fitting of a duplicate stop light on the left side of the vehicle which comes into operation at the same time as the stop light fitted at the centre or on the right side of the vehicle.

(*i*) Every light shown by a direction indicator or a stop light shall be diffused by means of frosted glass or other adequate means and shall be a steady light.

(*j*) Every direction indicator and every stop light shall be such as to be readily operated by the driver of the motor vehicle at all times when sitting in a normal driving position.

(*k*) Nothing in this rule shall be taken to require that a direction indicator or a stop light shall be fitted to any motor vehicle.

143. *Wings.*—(*a*) Every motor vehicle except a locomotive, a tractor or a trailer, shall, unless adequate protection is afforded by the body of the motor vehicle, be provided with wings or other similar fittings to catch, so far as practicable, mud or water thrown up by the rotation of the wheels.

(*b*) The rear wheels of every trailer except a trailer drawn by a locomotive shall be provided with wings as aforesaid.

144. *Side-car wheel.*—Every side-car attached to a motor cycle shall be so attached, at the left hand side of the motor cycle, that the wheel thereof is not wholly outside perpendicular planes at right angles to the longitudinal axis of the motor cycle passing through the extreme projecting points in front and in the rear of the motor cycle.

145. *Communication with driver.*—Every motor vehicle for the use of passengers in which the driver's seat is separated from any passengers' compartment by a fixed partition which is not capable of being readily opened, shall be furnished with efficient means to enable the passengers in such compartment and the conductor, if any, to signal to the driver to stop the vehicle.

Special Rules Applicable to all Public Service Vehicles.

146. *General.*—Every public service vehicle, and all parts thereof including paintwork or varnish, shall be maintained in a clean and sound condition, and the engine mechanism and all working parts in reliable working order.

(*b*) No motor vehicle shall be drawn or towed by any other motor vehicle unless there is in the driver's seat of the motor vehicle being drawn or towed a person holding a licence authorising him to drive the vehicle or unless the steering wheels of the motor vehicle being towed are firmly and securely supported clear of the road surface by some crane or other device on the vehicle which is drawing or towing it.

(*c*) When a motor vehicle is being towed by another motor vehicle, the clear distance between the rear of the front vehicle and the front of the rear vehicle shall at no time exceed fifteen feet. Steps shall be taken to render the tow rope or chain easily distinguishable by other users of the road, and there shall be clearly displayed on the rear of the vehicle being towed in black letters not less than three inches high and on a white ground the words "ON TOW".

Provided that no person shall be liable to be convicted for the contravention of this sub-rule for failure to display the words "ON TOW" if the motor vehicle which is towing the other is not a motor vehicle adapted and ordinarily used for the purpose and so long as the vehicle is being towed between the place of the breakdown and the nearest place on the route at which the necessary materials can be obtained.

(*d*) No motor vehicle when towing another vehicle other than a trailer or side-car shall be driven at a speed exceeding fifteen miles per hour.

196. *Foot-paths, cycle-tracks and traffic segregation.*—Where any road or street is provided with foot-paths, or tracks reserved for cycles or specified classes of other traffic, no person shall, save with the consent of a police officer in uniform, drive any motor vehicle or cause or allow any motor vehicle to be driven on any such foot-path or track.

(*b*) No person shall drive, and no person shall cause or allow to be driven, in any public place any motor vehicle which is loaded in a manner likely to cause danger to any person or in such a manner that the load or any part thereof or any thing extends—

(*i*) laterally beyond the side of the body or beyond a vertical plane in prolongation of the side of the body;

(*ii*) to the front beyond the foremost part of the vehicle;

(*iii*) to the rear to a distance exceeding four feet beyond the rearmost part of the vehicle excluding any luggage carrier; and

(*iv*) in height by a distance which exceeds eleven feet from the surface upon which the motor vehicle rests.

(*c*) Clause (*iii*) of sub-rule (*b*) shall not apply to a goods motor vehicle when loaded with any pole or other projecting thing so long as—

(*ii*) the distance by which the pole or other thing projects beyond the rearmost point of the motor vehicle does not exceed six feet; and

(*iii*) there is attached to the rear of such pole or other thing in such a way as to be clearly visible from the rear at all times a white circular disc of not less than fifteen inches in diameter; and at night, a lamp in addition to the prescribed lamps on the vehicle so arranged as to show a red light to the rear.

(*d*) The Registering Authority may by order in writing exempt any motor vehicle, for such a purpose, for such period and subject to such conditions as he may specify, from any or all of the provisions of this rule.

198. *Dangerous substances—restrictions as to carriage of.*—(*a*) Except as provided in rule 97(*xviii*) no explosive, highly inflammable or otherwise dangerous substance shall be carried on any public service vehicle unless it is so packed that, even in the case of an accident to the vehicle, it is unlikely to cause damage or injury to the vehicle or persons carried thereon.

(*b*) If, in the opinion of a police officer not below the rank of Sub-Inspector or an Inspector of motor vehicles, any public service vehicle is at any time loaded in contravention of this rule, he may order the driver or other person in charge of the motor vehicle to remove or repack the inflammable or dangerous substance.

(*b*) The Commissioner of Police in the City of Calcutta (including suburbs), and elsewhere the District Magistrate may by notification published in the official Gazette or in one or more newspapers in the said city or district, as the case may be, and by the erection in suitable places of traffic sign No. 7 as set forth in Part A of the Ninth Schedule to the Act, prohibit the use by drivers of motor vehicles of any horn, gong or other device for giving audible warning in any area within the city or district and during such hours as may be specified in the notification:

Provided that when the Commissioner of Police or the District Magistrate, as the case may be, prohibits the use of any horn, gong or other device for giving audible warning during certain specified hours, he shall cause a suitable notice, in English and in the script of the city or district, setting forth the hours within which such use is so prohibited to be affixed below the traffic sign.

202. *Use of lamps when a vehicle is at rest.*—(*a*) If, within the limits of any municipality or cantonment, a motor vehicle is at rest within the hours during which lights are required, at the left-hand side of any road or street or elsewhere in any duly appointed parking place, it shall not be necessary for the motor vehicle to exhibit any light save as may be required generally or specifically by the District Magistrate.

(*b*) Outside the limits of any municipality or cantonment, if a motor vehicle is at rest within the hours during which lights are required in such a position as not to cause danger or undue inconvenience to other users of the road, it shall not be necessary for the motor vehicle to display any lights.

203. *Dazzling light—restriction of.*—(*a*) The driver of a motor vehicle shall at all times when the lights of the motor vehicle are in use so manipulate them that danger or undue inconvenience is not caused to any person by dazzle.

(*b*) The Commissioner of Police in the City of Calcutta (including suburbs) and elsewhere the District Magistrate may by notification in the official Gazette and by the erection of suitable notices in English and in the local script prohibit the use, within such areas or in such places as may be specified in the notification, of lamps giving a powerful or intense light.

204. *Visibility of lamps and registration marks.*—(*a*) No load or other thing shall be placed on any motor vehicle so as at any time to mask or otherwise interrupt vision of any lamp, registration mark or other mark required to be carried by or exhibited on any motor vehicle by or under the provisions of the Act, unless a duplicate of the lamp or mark so masked or otherwise obscured is exhibited in the manner required by or under the Act for the exhibition of the masked or obscured lamp or mark.
